From: OP-SF NET Editors

Subject: Recordings from Barry Simon master class

“Spectral Theory of Orthogonal Polynomials” a master class by Barry Simon, (CalTech) with guest lectures by Andrei Martínez Finkelshtein (Universidad de Almería), Jacob Stordal Christiansen (Lund University) and Jonathan Breuer (Hebrew University of Jerusalem) was held in Aarhus, Denmark during the period February 17-20, 2014.

Video-recordings of the lectures can be seen at
